

Town Hall Meeting

Pearce Institute

January 13th 2015 7:00

Raise the Farmhouse roof beams

The Farmhouse project in Elder Park are looking for your input in an exciting venture to create an independent resource centre in the old farmhouse building

We are asking what such a resource should look like, how it should function and how the community can engage in all aspects of its development.

The evenings proceedings will be recorded as part of a Participatory Action Research project

Refreshments and some food will be prepared by the Tuesday dinner group. We look forward to seeing you

All welcome young old and in between

Common Good Awareness Project Govan
